(IAC-M-263)

Approved as written.

2. Watch Committee Report  
No. 326

Noted this report.

3. Review of Arab-Israeli  
and Suez Situations

a. The Chairman stated that, subsequent to the special IAC meeting of the previous evening (which had adjourned at 0100), he had requested that formal circularization of the estimate approved at that meeting (SNIE 11-9-56) be withheld in order that he might again review the paper in the morning. Mr. Dulles noted also that he had taken the estimate as a draft to the White House during the morning (6 November) where it had been personally read by the President.

b. Mr. Dulles then referred to late information and intelligence from various sources, particularly that bearing on the Middle East situation, and stated that he would ask the IAC members to reconsider SNIE 11-9-56.

c. Army Briefing. Army representatives gave a briefing on the military situation in the Middle East, especially with respect to developments affecting ground forces.

- d. SNIE 11-9-56  
Sino-Soviet Intentions  
in the Suez Crisis

Following distribution of a proposed revision of SNIE 11-9-56, the members discussed this draft and approved the proposed revision, as amended.
